Why Join Instrumental Music?

The purpose of our music program is to begin the study of a musical instrument and to experience the pleasure of music through playing that instrument. Students participating in band or violin also develop self-confidence, responsibility, self-discipline, and teamwork. Additionally, research shows that there is a strong connection between learning an instrument and improved test scores and grades.

When Are Lessons?

Starting the week of August 26, instrumental music classes are bi-weekly and take place during regular school hours. Students will also be required to make up any classwork that they may miss while attending music lessons.

What Instruments Can I Play?

Flute	Clarinet	Saxophone	Trumpet	Trombone
				
Percussion (Select 2 nd Year Players Only)			Violin (Select Schools)	
				

How Do I Get Started?

Renting Vs. Buying an Instrument:

- Renting is a great way to decide if your child is “serious” about music
- Many stores have Rent-to-Own programs
- If you are interested in buying an instrument, PLEASE select a quality brand (Email Mrs. Diaz if you would like guidance)
- Please DO NOT get a colored instrument! (ie purple flute or blue trumpet) They are not good quality instruments and will always need repairs.

What Are My Commitments?

Attendance: Instrumental music students must attend each rehearsal with their instrument and music. If the student does not consistently bring required materials to rehearsal, he/she may be asked to return to class.

Practice: Students are expected to practice a little bit every day at home as their music “homework”. The most successful musicians are those who dedicate time and energy to their instrument consistently every single day. Each instrument requires a unique set of skills, and weekly music classes alone will not be enough to perfect these skills.

Performances: We will do several major performances during the school year. Performances are a culmination of all the learning that students have done and an opportunity for them to showcase their talents. Families of participating students are highly encouraged to attend the performances and cheer for their superstars!
